

Szencorp

has achieved a 5 STAR National Australian Built Environment Rating System OFFICE Water score for:

Szencorp Building

40 Albert Road, South Melbourne 3025 VIC

Rating effective until:

March 2009

This Building has:

0.101 kL/m² p.a. normalised water consumption
76 kL p.a. actual water consumption

This Performance Rating is based on 12 months operational water use in the Whole Building. More stars indicate better water consumption efficiency for the building. Greater water efficiency reduces costs and improves the rating of buildings.

NABERS is an initiative of the Commonwealth, New South Wales, Northern Territory, Tasmania, Victoria and Western Australia Governments. It is managed by the Department of Environment and Climate Change NSW Government.
